Ref:- My telegram dated 1-1-1942.

I have referred, in my telegram mentioned above, to a telegram received from the High Commissioner. It was in code. I guessed it should probably be the Indian word code. On enquiry at the office I understood that the Indian word code had been cancelled, and the copies of the code which were with Collectors had been withdrawn, about two years ago. I tried the off-chance of a copy being in the office of the Collector of Malabar. I found that there was no copy there either. On further search a copy of the Indian word code- 1924 Edition - was found to be in my office - but without the supplement or the full complement of correction slips. I found the telegram was in that code, and I was able to decipher it with that copy. As it is possible that in connection with the present appointment a number of telegrams might be received in this code, I request that an up-to-date copy of the Indian word Code and its supplement may be supplied to me.

Memo. No. 206-C/42-1, dated 31-1-1942.

Books and Publications – Indian Word Code – Supply to the Collector of South Kanara

From the Collector of South Kanara, Ref. A.S. No. 1/42, dated 1-1-1942

In Govt. Memo. No. [illegible], dt. 6-8-1937, the Govt. considered that it was unnecessary that the Collectors and the Board of Revenue should have copies of the Indian Word Code and accordingly directed that the copies of the Code held by them should be withdrawn. In Memo. No. 5371-D/37-Rev, dt. 1-12-37, the Board of Rev. was informed that the surplus copies should be sent to the Manager of Publications, Delhi. The Collr. of South Kanara has reported that a copy of the Indian Word Code (1924 edition) without Supplements or Correction slips is found in his office and has requested that an up-to-date copy with its Supplement might be supplied to him. It is not clear how a copy of the Code was retained in the office of the Collector and what became of the Supplements and Correct Slips pertaining to that Copy. The Board

is requested to enquire into the matter and report whether a copy of the Supplement and Correction Slips should now be supplied to the Collector. The 1924 edition of the Code which is said to be in the Collector's office is the latest edition and it is not therefore necessary to supply a copy of the main code to him.
